ROOMMATES

ERENISCH - DOFANTASY.COM

IN A NO DISTANT FUTURE...

In the Year 2022, many countries passed the
"COMPULSORY FEMALE SLAVERY LAW"
which relegated the status of women to exchangable property.

Young, nubile women became valuable goods to be bought and sold, in order to be used as sex-slaves, servants and pets...

While many families were unwilling to sell their daughters at first, rising prices forced many to sell their young girls.

Isabella and Wendy, two college girls, thought their loving parents were different, and their freedom was guaranteed...

Little did they know...
after the 'law',
every female had a price,
and both beautiful girls were destined to become slaves to men...
